

TUBELED BATTEN LIGHT

Mescab LED Batten is designed for both home and workspace. The LED tube saves power unlike conventional tube lights. Convenient in fitting and no compromise on light quality makes it an environment friendly light suitable for residential and commercial areas.

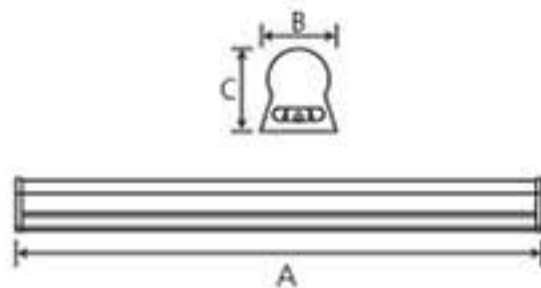

LED BATTEN LIGHT

MBL 02 10 20 22 W

SALIENT FEATURES

- Energy saving compared to conventional fluorescent tubes
- Durability - longer life time
- Uniform, natural and comfortable lighting effect
- Eco-friendly, no harmful UV and IR Radiation
- High CRI and Lumen Output
- Available in cool white and warm white colours

Catalogue Reference	Wattage (W)	Dimension (mm)		
		A	B	C
MBL 02 10W PB	10W	600	23	31
MBL 02 20W PB	20W	1200	22	36
MBL 02 22W AL	22W	1200	30	36

CONSTRUCTION : PVC + PC or Aluminium + PC

INSTALLATION : On Ceiling / Wall with clamp and screw

APPLICATION : Residential, Retail Industries, Schools, Hospitals, Offices, Parking Lots, Warehouses, Public Areas etc.

ELECTRICAL DATA : Nominal Voltage - AC 240V
Frequency Range - 50Hz-60Hz
